

Sustainability Policy

Zeyt Inn Hotel adopts a holistic sustainability policy that encompasses environmental, social, cultural and economic responsibility, as well as quality, human rights, health, safety, and risk and crisis management.

As a hotel, we are committed to implementing sustainable tourism principles in all our activities and leaving a more livable world for future generations.

1. Environmental Responsibility

- We encourage the efficient use of energy and water resources and prioritize the protection of natural resources.
- We implement practices that reduce waste and support recycling.
- We minimize our environmental impact in order to protect the local ecosystem and support biodiversity.
- We encourage our guests and employees to be environmentally conscious.

2. Social and Cultural Sensitivity

- We support regional development by collaborating with local communities.
- We protect and contribute to the promotion of Datça's cultural heritage and local values.
- We provide a working environment committed to equality, diversity, and fair working principles.

3. Economic Sustainability

- We prioritize working with local producers and sustainable suppliers.
- We improve our business processes continuously to ensure efficiency and resource savings.
- We closely follow innovative and sustainable practices in the sector.

4. Quality Management

- We aim to maintain the highest level of guest satisfaction.
- We continuously improve our service quality.
- We strengthen our sustainable service approach by supporting the development of our employees.

5. Human Rights and Employee Rights

- We fully comply with human rights and business ethics principles.
- We support our employees in working in a safe, healthy, and fair environment.
- We implement a zero-tolerance policy against discrimination.

6. Health and Safety

- We prioritize the health and safety of our guests and employees.
- We continuously improve hygiene and cleanliness standards.
- We ensure a safe environment through emergency plans and regular training.

7. Risk and Crisis Management

- We assess potential risks and take preventive and corrective measures.
- We develop plans for rapid and effective response in crisis situations.
- We ensure that our staff are aware of crisis management.

Conclusion

As Zeyt Inn Hotel, we regularly review and improve our sustainability policy to achieve our goals and share it transparently with all stakeholders. We continue to offer an accommodation experience that respects nature and the future.
